# Molnár Bálint

Frontend - Backend Developer, Escalation Manager, Finance And Accounting, Logistics Specialist

Described as a responsible person with fast learning capabilities and an adaptable personality, able to work solo as well as communicate effectively with colleagues. Diligence in work and a commitment to delivering quality are prioritized. Personal interests include information technology and aspects of business life. The goal in a company is to achieve absolute best performance while minding corporate needs. Never-ending improvement is deemed essential in any workplace, with a personal will to drive that improvement seen as a key motivator for employees. Strength lies in reacting to and overseeing any situation, with a constant effort to optimize workflow and adapt to circumstances.
